MORE ABOUT ACA

- Students participate in a full academic day including literacy, math, science, social studies, PE and Choice Time. We follow the North Carolina Standard Course of Study.
- Students have the opportunity to experience a variety of hands on activities throughout the day.
- Based on the Glasser model, homework is minimal and based on the student's needs.

Self-Directed Learning

Multi-Age Classrooms

Individual Achievement

Diverse & Inclusive Environment

ACA's mission

is to foster individual achievement by teaching students to be self-directed learners and community contributors in a respectful, diverse, and inclusive learning environment.

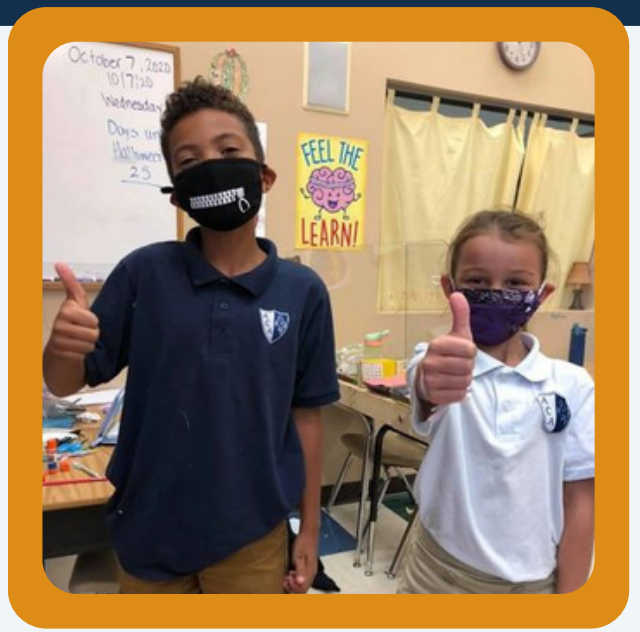
Achievement Charter Academy is committed to helping our students learn in a way that reinforces emotional intelligence, self-esteem, resilience and happiness.



ACHIEVEMENT CHARTER ACADEMY

Tuition-free, K-5 public charter school located in Fuquay-Varina, NC

What Makes Achievement Charter Academy Stand Out?

We help your child **achieve** full potential.

Innovative Educational Model

Our learning model creates a culture that teaches and uses Choice Theory to support relationships based on trust and respect. We emphasize the values of respect, diversity, inclusion and community, and promote a school environment to be viewed by all as a joyful place.

Choice Time

Choice Time allows teachers to incorporate student interests into daily academic work. Examples include art, music, cooking, gardening, STEM, and carpentry.

Choice Time lessons are presented by teachers, parents, retired teachers, and community members.

Multi-Age Classrooms

Classrooms include students who span two grade levels to create strong student/teacher relationships, personalized education, peer mentoring/cooperative learning and social & emotional learning opportunities.

Academics & Curriculum

The Glasser Quality School (GQS) model is an innovative learning approach that focuses on meeting the individual needs of students.

Our curriculum and method of delivery are fluid and flexible in order to maximize achievement of different learning styles and abilities in a diverse and inclusive environment.

Self-directed learning is an essential part of our educational process. Teachers work in small group settings throughout the day to provide each student with closely engaged teaching.

Every child is known and valued for his or her talents and learning style.

Tuition-free | Grades K-5
